“After reading the reviews about the award winning school, I was keen to apply and am currently enjoying my experience so far! I am very excited for the future as this is only the beginning of my journey”

Our current student, Daisy, has achieved her dream by opening La Bella Beauty, her own beauty salon in Acle, Norfolk, alongside her mum, a beautician with 30+ years of experience.

Since opening in October, the salon has thrived, offering services like nail enhancements, lash and brow treatments, facials, waxing, massage, and bridal makeup.

Daisy's ambition is to grow La Bella into a "one-stop makeover shop," building a strong team and expanding her brand. Daisy chose to train with us in order to achieve a professional qualification in beauty therapy to allow her to continue expanding her treatment range and support her future staff members. We are incredibly proud of her success!
