PARENT CHARTER

CWA is committed to supporting our learners to fulfil their potential, develop independence and make the transition to further and higher education, employment and training. We also recognise that, for young people approaching adulthood, the engagement and support of parents and carers can play a central role in this development and are committed to working in partnership to achieve this.

This charter sets out our approach to communicating with parents and carers of learners under the age of 18 at the start of their programme and those aged up to 25 with an EHCP. It outlines what you can expect from us and our expectations of you.

What You Can Expect from CWA and its Staff

Communication

- Communication from CWA staff may be via telephone, email, text message or by pre-arranged in-person meeting. We will use the contact details recorded on the Student Portal for the person listed as a parental/carer emergency contact. Brief notes of conversations with parents may be recorded on the Student Portal
- Enquiries, queries and requests for information relating to your child's education will be directed to the
 most appropriate member of staff (or team) at CWA and you should normally expect a response within 3
