BA (Hons) Early Childhood Studies - Top Up

University Centre
West Anglia

COURSE DESCRIPTION

This exciting and fulfilling course is focused on further developing your knowledge, skills and understanding of contemporary issues in the childhood studies sector. The course blends theory with practice as there is the expectation that you will complete a placement or be employed in an early years setting or school for the duration of your studies. The multi-disciplinary programme prepares students for careers in early years education, primary teaching as a class teacher, early years management and leadership, family support, health and social services.

The third year top-up is taught by a highly experienced, professional team with expertise in the fields of education and the early years sector. It draws on external practitioners and experts in the field to provide specialist input. You will have the opportunity to explore theoretical perspectives and work based practice through lectures, workshops, presentations, work-based projects, electronic discussions and assignments. There is a strong emphasis on the development of ICT, communication and presentation skills. With a full BA Hons degree and appropriate entry requirements, you could progress into primary teacher training or early years teacher training both of which would require a further year of study. Some students decide to continue their studies moving on to masters level study in Education, Early Years, Social Work or other related disciplines. Some students progress into management posts in early years settings or full day care.

COURSE FEES

Tuition fees:

Full-time: £9,000 (2023-2024)

Part-time: £4,500 (2023-2024)

We set our course fees annually. As students pay a fee for each year of their course, the fees set for future academic years may be higher than those set in the 2023/2024 academic year.

For each future academic year of your course of study, your fees may be subject to review and increase on a basis in line with the Retail Prices Index (RPI) plus 3%. RPI is a measure of inflation published monthly by the Office for National Statistics which measures the changes from month to month in the cost of a representative sample of retail goods and services bought by consumers within the UK. This means that your course fees will not be increased each year by more than RPI + 3% from the previous year's fees and will not ever exceed the maximum amount that the government allows higher education institutions to charge students in the related academic year.

ADDITIONAL COSTS

DBS check: £45 (if needed)

Trip:

A trip to the Museum of Childhood is organised. Entry to the museum is free, the return train fare from Kings Lynn is approximately £27.00.
